Dear Mike Marvell

Alias Couchcommander,

Thank you so much for your comedic performance on May 25th 2006 at The Mine Shaft in Hartford for our EDS fundraiser. A great time was had by all, from my 16 year old son who hit your web site as soon as we got home to my 75 year old mom and dad who are still bringing up some of your elderly laughs. Having EDS is usually not so funny and generally a pain in the #@!, need I say more. I do have to tell you that our core group of members keep a great sense of humor, it keeps us going. I do believe laughter is the best medicine. Oh ya even us middle agers were chuckling at Couchcommander. A heartfelt THANK YOU for a great show. I am enclosing some information on Ehlers Danlos Syndrome and hope we could contact you when down the road we hold another event, with the hopes for a larger crowd for both of our causes.

Sincerely,
Nancy Reeling
President
Milwaukee EDNF Local Group
