

Mike,

Just writing you a note to let you know how much we liked your show. We didn't really know what to expect but we were very happy with your performance. We had a lot of good laughs and you really know how to work the crowd. We have entertainment every year for our xmas party we would not hesitate to call you back. In fact we are trying to talk the Stadium into getting you to come and perform some night for entertainment. If you can sometime would you give us a list of places where you perform, we would like to come see you again. We don't have much for comedians around here and we would like to go if your close enough for us to see you. Thanks again for the great fun!!!!
